

FAI Connect Senior Player Self Registration

From June 3rd 2025, FAI Connect will have a self-registration workflow introduced. Only players registering to a new club (transfers or first registrations) should sign up to MyComet to self-register. Players who are currently with a club and moving clubs from July 1st, 2025, can either self-register to initiate the transfer, or the new club they are joining can initiate the transfer.

Players who will remain with their current club do not need to sign up or re-register.

1. Players should Register to their club. There will be 2 ways a player can self-register to a club
 - a – they will Find a club by searching for the club name
 - b – they can receive a link from the club which will default to the Register page of that club upon sign in.
2. Once they have found the club and Entered the Registration. They can proceed to view the registration and upload documents if required.
